Highly skilled Front-End Developer with 1 year of experience specializing in React.js and JavaScript. Proven ability in developing user-friendly web applications, implementing responsive designs, and collaborating with cross-functional teams. Passionate about creating engaging user experiences and continually learning new technologies. Seeking a challenging environment to leverage my technical skills for innovative development and contribute to organizational growth.

## Experience

### Software Engineer Trainee

Jul 2023 - Present

SPRYPeople Technologies Pvt. Ltd.

#### Roles and Responsibilities

- Developed and maintained scalable web applications using React.js, JavaScript.
- Collaborated with UX/UI designers to implement responsive and interactive user interfaces.
- Integrated RESTful APIs and GraphQL for efficient data fetching and state management.
- Participated in code reviews and provided constructive feedback to team members.
- Utilized Git for version control and managed project repositories on GitHub.
- Assisted in the development of single-page applications (SPAs) using React.js and Redux.
- Implemented reusable components and front-end libraries for future use.
- Ensured cross-browser compatibility and optimized applications for mobile devices.
- Write clean, maintainable, and reusable code following best practices.
- Optimize components for maximum performance across a vast array of web-capable devices and browsers.

## Personal Projects

### Food Delivery App

- **Description:** Developed a food delivery app providing users with a seamless way to order meals from local restaurants.
- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap and React js.
- **Role:** Lead Front-End Developer
- **Responsibilities and Achievements:**
  - Designed and implemented the user interface using React.js and Redux for state management.
  - Ensured responsive design for compatibility across various devices.
  - Utilized Redux for efficient state management, enabling smooth and consistent data flow throughout the application.

- **Responsibilities and Achievements:**

- Collaborated with backend developers to integrate RESTful APIs for real-time order tracking and restaurant data.
- Conducted thorough testing using Jest and Enzyme, identifying and fixing bugs to ensure a reliable and high-quality application.

## Education

### Savitribai Phule Pune University

- BE Mechanical
- Sinhgad Collage Of Engineering Pune
- Year of Passing : 2022
- CGPA : 8.36

### Maharashtra State Board of Technical Education (MSBTE)

- Diploma in Mechanical Engineering
- SSSPM's Polytechnic Barshi
- Year of Passing : 2019
- Percentage : 77.29%

## Skills

- HTML
- CSS
- JavaScript
- React JS
- Redux
- Angular 12 (basics)

- Java
- Spring MVC
- Spring Boot
- Hibernate
- JPA
